National Association of the Remodeling Industry, MN Chapter
July 2011 Achievement in Consumer Excellence Award Recipients

NARI of MN is proud to announce the newest recipients of the Achievement in Consumer Excellence (ACE) award. The ACE award recognizes companies that provide outstanding service in quality, responsiveness, meeting deadlines, professionalism, and communication. The following 7 member companies are recipients of the NARI of MN Achievement in Consumer Excellence award:

Granite Tops, LLC
Ispiri Design Build Remodel
J Brothers Home Improvement, Inc.
James Barton Design-Build, Inc.
McGowan & Dokken Remodeling and Design, LLC
Northland Woodworks
Sparrow & Stoll, LLC

What is the ACE Award? ACE - Achievement in Consumer Excellence is a consumer rated award program that recognizes NARI MN members who provide exemplary service. All members who provide products or services to consumers are eligible. Member companies of all types and sizes can be recognized as ACE Award recipients based on consumer evaluations of their work.

The ACE Award recognizes members who receive an average score of 4 (out of a possible 5) on five criteria: quality, responsiveness, meeting deadlines, professionalism, and communication. Consumers who have directly worked with the NARI member rate them in each of the five areas. To qualify members must receive an average score of 4, with no score in any individual category lower than a 3. Members who receive the required scores on a minimum of five surveys are recognized as a NARI MN ACE Award recipient.

Congratulations to the above member companies on this great achievement!
