CERTIFIED LEAD CARPENTER

APPLICATION

Definition of Certified Lead Carpenter: A lead carpenter is involved in tasks and has responsibilities beyond the technical production aspects of a project. He/she is responsible for customer contact and communication, supervision of subcontractors and employees, managing the job site, scheduling, and safety issues. The success of a remodeling project during the production stage is the primary responsibility of the lead carpenter.

How the Certification Process Works: Candidates must complete and submit this application for consideration by the NARI Certification Board. In addition to completing and submitting an application to qualify for the CLC certification exam, candidates must have been in the remodeling industry **full time** for a minimum of **5 consecutive years** and must have worked as a lead carpenter, as defined above, for a minimum of **2 years**.

Certification Renewal: Certifications are renewed annually. Renewals currently require the attainment of 5 hours of industry related continuing education and participation in chapter/community service projects and the submission of the required and appropriate fees.
