

NARI MN MARCH *FIRM NIGHT*

Join us for March *Firm Night* hosted by Ferguson Bath & Kitchen located at their Golden Valley showroom. Educational speaker, Charles Braun, will discuss the principles of universal design and aging in place. The showroom will also feature aging-in-place vignettes with universal design principles.

A study by the American Society of Interior Designers shows that nearly 80% of baby boomers plan to remain in their current homes after retirement. By incorporating aging in place design principles it will be easier to overcome the physical barriers of the aging process and retain independence while living in comfort and style.
